

FERRETERRO pipe lifting clamps are made of high tensile steel and are ideal for horizontal lifting and transportation of steel pipes. Our pipe clamps are compact in shape and relatively light weight. Clamps have Teflon pads to protect pipe edges from damage. Pipe clamps with different types of coating are available.

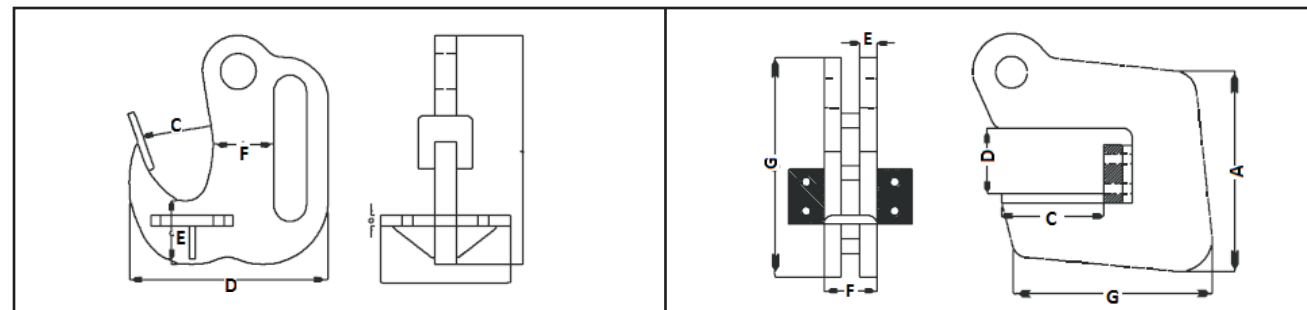

COATING

- Primer and Painted
- Colour Epoxy coated
- Soft Rubberized coating
- Electroplated Zinc coated
- Extreme long lasting scratch less PE coated

PRECAUTION

- Do not exceed the rated load
- Do not operate the pipe clamp with damaged part
- Do not leave suspended load
- Do not lift loads over personnel
- Do not make any alteration to Pipe Clamp or its components
